

# Ann Byykkonen

## FRONT END DEVELOPER

<https://abyykkonen.github.io/annbyykkonen.github.io/>

### ABOUT

I'm a self-driven, value-oriented person. I am a positive force that brings focused energy to every office I enter and every project I touch. I have over a decade of experience in customer focused positions. I can communicate across differences, lead and support with confidence, and skillfully navigate with others has allowed me to become the engaged, motivating employee you always want on your team.

### EXPERIENCE

#### Full Stack Web Developer , Autodidact Udemy Student

November 2020 - February 2021

- Solo Project: The Waverly Inn
  - I sought to create a website that was easy for the customers to use.
  - This project was created with HTML and CSS
- Solo Project: Opal's Design
  - My goal for this project was to create a central focused project that allowed the customer to see different focal points throughout the website.
  - This project was created with HTML and CSS

Throughout my process I have learned both the front end and the back end. This process has shown me how to create a website that is appealing to the customers.

#### White Birch Dental, Princeton, MN— Office Manager

**Bachelor's Degree in Business Administration**  
Northwestern College  
2009-2011

**Associates Degree in Accounting**  
University of Phoenix, Axia  
2007-2009

reports, fixed asset entries and account payable for five dental offices

- Educate and train new and existing employees
- Process payroll and employee benefits for 25 employees
- Develop and implement policies and strategies for the clinic
- Work with employees to increase individual performance and set improvement goals

## **PROJECTS**

### **Expansion of clinic- *Added more rooms to clinic***

Developed the renovation strategy and oversaw the \$150,000 clinic remodel while open for business.

### **Opening a new clinic - *Opened two dental clinics***

Oversaw each one of the \$1 million dollar projects. Helped to keep the projects running smoothly and on schedule for the opening day so we would be open for business on schedule.
